

Remarks

The original international application had been amended under PCT Article 19.

This submission is to re-amend the PCT Article 19 Amendment to eliminate multiple dependent claims in the original international application. Applicant has amended respective multiple dependent claims to single dependent claims.

Accordingly, claims 4,8,12 and 15 (four out of total 15 claims) have been amended from multiple dependent claims to single dependent claims. No multiple dependent claims exist after this amendment. **Claims 2 and 10 had been cancelled from PCT Article 19 Amendment** and still remain cancelled. So the number of **total claims is thirteen (13) after this amendment**.

Specification, drawing and abstract remain unchanged.

No new matters are included in this amendment.

Applicant now respectively requests a timely examination of the PCT national stage application in consideration of this preliminary amendment.

Respectively submitted,

IPLA P.A.
